

POLY STUDIO X52

POLY VIDEO TRADE-IN PROGRAM

OUT WITH THE OLD, IN WITH THE NEW!

With most work collaboration taking place on voice and video calls, it's important that everyone in the room can be seen and is part of the conversation. This program is your opportunity to trade up your old video products in your hybrid environments with the latest in Poly's video products. With Poly's DirectorAI technology and superior audio, their video products are designed to improve inclusion and productivity.

The program is simple! All you have to do is work with your Poly reseller to trade-in your existing Poly and/or non-Poly video devices and you will receive a discount to upgrade to a Poly device listed in the chart below. This is an simple way to get updated video equipment made for modern work and room adaptability, with no need to send trade-in devices to Poly.

- Get a discount on a new Poly video product when you trade in your old video device.
- Properly dispose of old video devices within 30 days of receiving new equipment.
- Enjoy being seen clearly in the room and being able to collaborate more effectively.

HERE'S HOW IT WORKS:

STEP 1:

Contact your Poly reseller and let them know which video products from the list below you want to trade in.

STEP 2:

Purchase your new video product via your reseller and save with your trade-in value.

STEP 3:

Within 30 days of receiving your new equipment, you or your reseller properly dispose of your old video devices.
