Drive business transformation

HP Managed Print Services

As your business transforms, HP Managed Print Services (MPS) is your trusted global partner. Let HP help you grow with the cloud, provide adaptive workplace solutions, and unlock return on innovation.

Integrate HP MPS into your evolving vision for the workplace

The disruption of the workplace is an opportunity to reimagine the future of your business. In fact, in response to upheaval on nearly every front, many businesses are rethinking their IT strategies and accelerating their digital transformation plans.

HP Managed Print Services enables users to print and digitize information from virtually anywhere on any device, without compromising the security of your organization. A key component of digital transformation is the shift to the cloud, where you can create a flexible, agile business environment capable of accelerated growth.

As a global technology and services provider, HP is acutely aware of your printing and imaging requirements and the potential to transform your business into an adaptive workplace built for the future.

With a portfolio of devices optimized for the way people work today, you can rely on HP to match the right device to the right user. And with the planet's most comprehensive carbon neutral MPS offering,¹ HP can help you meet your sustainability goals without disrupting your business.

Where work happens has changed. What hasn't changed is the need for business to move forward. HP is here to help.

"Most providers can fix hardware; very few can enable us to run our business. HP capabilities are essential to succeeding in any Managed Print outsourcing services."

Abby Hossein, Chief Technology Officer, Mercury Insurance Group

HP MPS is a total solution

HP MPS is a comprehensive approach integrating services, software, hardware, and supplies to deliver a total solution.

Our experience with a wide range of customers enables us to provide services for organizations of virtually any size—from large enterprises to the public sector to small and medium businesses. We bring deep industry expertise that spans healthcare, financial services, education, manufacturing, government, retail, media and entertainment, and more.

Services

Depend on HP as a trusted advisor to deliver services that increase operational efficiency, decrease cost, and allow you to focus on business outcomes. HP's professional services provides the expert consulting you need to optimize your print environment, improve print security, augment business intelligence, and more.

Software

Help achieve greater success with a full suite of software solutions for management, security, mobility, and workflow—from HP and our solution partners—giving you the industry's best capabilities.

Hardware

Select from our broad portfolio of A3/A4 managed devices. We can also manage your environment “as-is,” including non-HP and Zebra-qualified devices. We offer flexible financing and leasing terms to address your specific needs.

Supplies

Count on HP MPS to deliver reliable Original HP supplies on time—keeping users up and running with quality output. And take advantage of HP's flexible billing options to get the business terms that work for you.

Transform at the speed of business

Help ensure information and data flow securely across teams, tasks, and workplaces. HP MPS empowers cloud-determined businesses to create an environment where innovation thrives, ideas can be quickly scaled, and valuable opportunities never pass you by.

Grow with the cloud

Realize key business outcomes with cloud-based services and solutions. HP enables your digital transformation.

Our highly configurable MPS offering seamlessly integrates into your evolving vision for the cloud, minimizes routine management time, empowers work-from-anywhere teams, and rapidly scales custom print solutions—enterprise-wide.

Security wherever work happens

Foster innovation in a secure environment. HP helps your organization harden your print environment against security threats.

HP MPS teams are experts at securing device endpoints at organizations across the world. This resident knowledge makes us a trusted partner as you engineer an IT ecosystem that can enable an adaptive workplace.

Adaptive workplace solutions

Empower smarter, faster, more-connected teams with a consultative partnership to help you build a borderless workplace.

Easily provide remote workers with the devices that are right for them, along with automatic, just-in-time supplies delivery. HP MPS lets you manage your entire fleet of remote and onsite devices.

Advance your sustainability goals

Count on the planet's most comprehensive carbon neutral MPS offering.¹

HP MPS helps deliver carbon neutral printing without disrupting your business. Optimize print usage and measure progress towards reducing emissions. Inspire teams and partners with your commitment to fighting climate change and supporting communities.

Return on innovation

Digital transformation drives business transformation through innovation, turning technology and data into a true competitive advantage.

Our secure, flexible MPS solution empowers agile, work-from-anywhere teams to move fast, grasp opportunities, and create value.

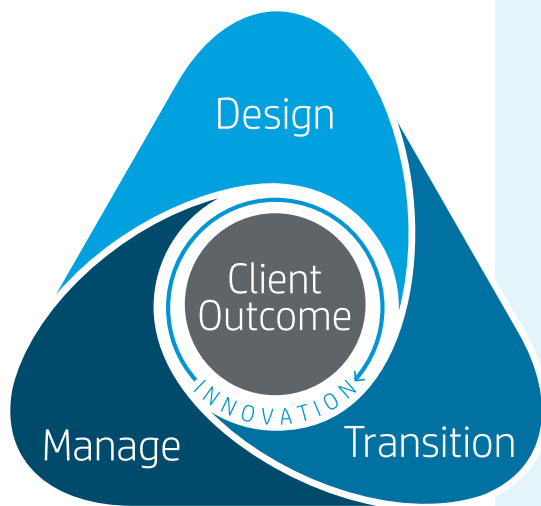

HP Managed Print Services—tailored to your business

It all starts with you. Your business objectives drive everything we do. Our consultative approach helps establish a service level agreement (SLA) that is aligned to your needs. We'll implement an environment that delivers results today and work to continually optimize outcomes for the future.

Underpinned by the industry services framework of ITIL (IT Infrastructure Library) and PMP (Project Management Principles), HP provides strategic guidance to help organizations improve and evolve their print environment. With over 36 years of experience and leadership in the printing market and our unique

combination of people, processes, and innovative tools, we have the expertise to cover all aspects of your global imaging and printing environment.

HP's comprehensive approach to MPS is delivered through flexible, modular service offerings that are organized into three stages: Design, Transition, and Manage. We allow you to select the level of involvement that's right for you—you can manage key components of MPS in-house, outsource some areas completely to HP, and take a co-management approach in other areas—whatever works best with your budget and resources.

Design

Get a blueprint for building the outcomes you want, based on your business. We can assess, consult, and design services to achieve your optimum future state.

- Discovery and design
- Assessment services
- Hardware procurement
- Finance and billing options

Transition

Implement your new environment and manage change with minimal disruption, thanks to professional project management, installation, and training services.

- Implementation
- Integration
- Management of change
- Management of risk

Manage

Drive innovation while helping to maximize ROI, availability, and end-user satisfaction with day-to-day operational and management services.

- Client management
- Support services
- Supplies management
- Remote management services
- Cloud infrastructure management
- Remote worker support

And the engagement never stops. We continuously design, transition, and manage as your needs change over time.

Why HP?

HP takes a holistic approach to managing the latest printing and imaging tools, technologies, infrastructure, and processes that support your organization to improve productivity, simplify management, and reduce costs for your entire end-user environment. HP offers end-to-end solutions and services, with PCs, printers, and more. We can help you identify and address your specific needs today and into the future. As a global leader, you can trust HP.
